2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Facility Conditions and Planned Improvements

The Barona Indian Charter School utilizes the facilities furnished by the Barona Tribal Council located at the Barona Community Center, 1095 Barona Rd., Lakeside, CA. This facility includes seven classrooms, a library, multi-purpose room and office space for the Principal/Director and office staff. The school is entirely fenced, and the entire facility, including restrooms, is ADA compliant. There are also existing sprinkler and fire alarm systems in each room. Adjoining the school, and available to the students is the recreation center's gymnasium. All charter school facilities comply with applicable law.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	24	N/A	44	N/A	47
Mathematics (grades 3-8 and 11)	N/A	4	N/A	32	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parent and community members are assured the right to participate in the governance of the school through open access to the Charter School Board of Directors monthly meetings and availability for stakeholder input. Barona Indian Charter School is actively seeking out ways to connect with families. We are encouraging parent volunteers for campus events, provide opportunities for parent interaction with our Back To School Night, Parent Teacher Conferences and monthly "coffee" meetings with the principal. Parents are encouraged to become active participants in developing their child's learning path and the school's curriculum, evaluation process, and other programs.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Barona Indian Charter School is dedicated to providing students with a safe and secure campus to create a successful learning environment. BICS has a comprehensive School Safety Plan, that was updated with input from stakeholders, staff, local law enforcement and other emergency services, during the 2021-2022 school year. The CSSP was approved by our school board on the March 2022 meeting. This plan is reviewed and revised on an annual basis. BICS partners with our local fire and law officials to conduct assemblies on safety and emergency protocols annually. The safety plan was reviewed with local authorities and staff members in a safety training meeting in September 2022. BICS has invested in updated security gates and signage to limit the public access to our campus. All visitors to our campus must register at the front office by requesting a name tag and signing in to the visitor log. We continue to use a secure drop-off and pick-up procedure with the health and safety of the students and staff in mind. The School conducts fire or disaster drills monthly. BICS employs a campus supervisor to maintain the safety of our students and ensure our facilities are in proper working condition. Our campus and playground supervisors are assigned communication devices so that they are in constant communication with teachers and the school office staff.

2021-22 Types of Services Funded

Barona Indian Charter School receives state and federal funds to strengthen our students' education. These funds are used annually to support our school's vision and learning outcomes for all students. Examples of recent expenditures include: extended learning opportunities, technology upgrades and campus improvements.

BICS operates from several different financial categories. The largest group of monies at our school is our LCFF funds. These are funds provided to schools by the state. These monies are used for supplies, equipment, programs, technologies, and professional development that are servicing the general population of students in a regular classroom setting. BICS provides professional development to staff based on learning from research-based best practices in the core instructional areas. Personnel costs include additional substitute teachers to support teacher release time. Supplemental materials to address needs were also purchased to support English/Language Arts, Mathematics, Science, Technology, English Language Development, Social-Emotional Supports and School/Community Partnerships. BICS has fully implemented the Leader in Me program, which teaches 21st century leadership and life skills to students and creates a culture of student empowerment based on the idea that every child can be a leader.

Additional grants funded our summer school program, Summer Impact, which offered extra support to students in an effort to reduce loss of learning during school closure due to the pandemic. In addition, BICS offers an after-school program to provide extended academic services to all students, with emphasis on the students needing social or academic support.

Professional Development

Barona Indian Charter School meets on a monthly basis for an All-Staff meeting to ensure both our faculty and staff are working together to meet the need of the entire school. In addition, primary and secondary teachers meet regularly to share best practices and design learning activities. A Math Coach was employed to work with teachers to formulate a pacing guide and curriculum mapping to improve student math score and to meet achievement standards.

With the full implementation of the Northwest Evaluation Association MAPS system, our efforts will be focused on interpreting results and designing learning activities that will have the goal of all students performing at the Advanced and Proficient levels. Our school frequently assesses the current needs of our students and the climate of our school in planning the Professional Development opportunities for our faculty and staff. BICS recognizes the importance of providing training to both teachers, administrative and support staff to ensure we are all doing the best for our students and families.
